Weather cloudy and disagreeable. Farmers have begun cribbing their corn.

The land owners and tenant farmers are thoroughly aroused on the subject of the tobacco warehouse combination.

A patriotic neighbor of the Ducker neighborhood has a quilt which, if completed, will be a perfect work of art. The bounties are asked by colors, their names being roistered, and the rivers are asked if it will be a curiosity well worth a conspicuous place at the 18th Fair in 1892.

Madame Rumor predicts two weddings in high life near Ducker's at an early date. "There's many a slip 'twixt the cup and the lip," but we've the Madame is about right time, at least there is a Lexington and a gentleman from the town who are frequently seen in portions, and they make no secret of their intentions. We can gentlemen, if you take risk, be good to them.

Tobacco growers of Woodford, meeting at Versailles on Saturday last week and the growers of Grass district expect a boom in Lexington on the 12th of this month.

Only the Graefenburg correspondent must be young and inexperienced, or he would have learned in time that two-thirds of the people make their bread by the sweat of their own of the other third.

A game law having expired, there was waged a war of extermination against the birds and rabbits. For the past ten days the slaughter has been fearful. From early dawn the report of the gun is heard in all directions, and not until darkness kindly shelters them do the weary little animals find a temporary rest, only to meet their fate another day.

Two new residences have been erected at Jett this season, that of Mr. L. A. Trumbo and another, the property of Mr. Lamb. Mr. W. S. Fogg has also erected a neat dwelling in the suburbs. Jett is not on a boom but her improvements are a solid and permanent kind. BULLDOGS.

Pneumonia

Is the only disease which seems to entirely baffles the physicians skill. Pneumonia kills thousands annually that might be saved if they would use the medicine in the world that is a specific for that dread disease. viz: Dr. Hale's Household Ointment, which has saved the lives of hundreds of people after having failed in all directions, when both lungs were badly involved. There is no remedy known to man that equals Dr. Hale's Household Ointment for the cure of Pneumonia. It cures the severest cases. It should be in every home in America. Price 25 and 50 cents per box. Sold at South Side. P. H. CARPENTER.

The "Kentucky Evangelist" in Wick.

The Rev. G. O. Barnes, the "Kentucky Evangelist," brought to a close last night his ten days' mission in Wick. From the very first the services, which were held in the New Rifle Hall, were attended by crowds of people, even the hall being crowded. The extraordinary earnestness of Mr. Barnes' addresses and the dramatic power and natural eloquence manifested in his preaching have been the means of awakening great interest amongst all classes of the community. Possessing no little culture and a peculiar vein of dry American humor, Mr. Barnes is master of a novel and taking style of address and a thorough understanding of the art of preaching in a plain-spoken, straightforward, yet sympathetic manner, that he has succeeded in rousing attention and excitement, perhaps unprecedented in the religious history of Wick. The reverend gentleman has been given to some of his opinions, especially those relating to the origin and reign of physical and moral evil—questions that belong more to the domain of abstract theology and metaphysics than to that of evangelistic preaching. On Saturday evening a lady rose in the audience for the purpose of refuting some of Mr. Barnes' teachings, and offered to prove his errors from the Scripture; but the reverend gentleman said he must decline to turn his meeting into a debating society, though he was quite willing to discuss the subject in private with anybody. His opponent, however, was not prepared to acquiesce in this arrangement, and turning round to the audience, advised them to read the 28th chapter of Deuteronomy,

where God's judgments are clearly set forth. The lady then sat down, the closure, in the form of the singing of a hymn, having been applied. On Sunday afternoon Mr. Barnes preached in the Parish Church to a crowded congregation a sermon marked with great eloquence and power and practical common sense. In the evening he addressed a meeting in the Rifle Hall, the gates of which were besieged an hour before the service began by a densely packed crowd, which filled the hall in less than ten minutes after the doors were opened. The hall was crammed to suffocation, and hundreds of persons were unable to gain admission. Had to be turned away from the doors. At the close of the service, Mr. Barnes referred to a pamphlet that had been circulated in Wick, pretending to give an exposition and criticism of his views, and said that the author of it had once interviewed him and on the strength of that had gone and published, without permission, the pamphlet, which gave an erroneous and misleading statement of his opinions. Mr. Barnes thanked the people of Wick for the extraordinary kindness and sympathy they had shown him, and said that his audience that night, although one of the most uncomfortably crowded he had ever addressed, yet was the most orderly and quiet he had ever seen. Mr. Barnes believes in conducting his services on true gospel lines, in making no collections at any of his meetings, and in offering the gospel without money and without price. To defray his traveling and other expenses, Mr. Barnes will to-night and to-morrow night deliver lectures, to which a charge for admission will be made, and which will doubtless be as well attended as the regular services were. An attractive feature of the evangelist meetings is the exquisite singing. Mr. Barnes' two accomplished daughters, who in their pathetic renderings of sacred songs simply hold the vast audiences spell-bound. Mr. Barnes, who is accompanied by his wife, and as already mentioned, by his two daughters, has intimated his intention of returning to Wick on the next occasion, when he will hold a second series of meetings.—Northern Ensign, Wick, Scotland.

Farmers Mean Business.

Col. Washington Crutcher, of Franklin county, who has one of the finest farms in the State, within a few miles of the Capital, has been interviewed on the Alliance movement. Said he, "We are going to elect men to office who will serve us awhile and look after our neglected interests. The Alliance is well organized in Western and Southern Kentucky and steadily moving on the central section of the State. The Kentucky Alliance will not embody the Sub-Treasury scheme in its platform. We have abandoned that but we propose building tobacco warehouses ourselves at an early date. Both Democrats and Republicans belong to the Alliance, and we expect to support men inside the party lines who will support our measures. We expect to take a hand in all the Legislative and State office canvasses. Col. Crutcher also states the Alliance will run Dr. Clardy, of Hopkinsville, for Governor.—Lexington Transcript.

WHAT CURES?

Editorial Difference of Opinion on an Important Subject.

What is the force that ousts disease; and which is the most convenient apparatus for applying it? How far is the regular physician useful to us because we believe in him, and how far are his pills and powders and tonics only the material representatives of his personal influence on our health?

The regular doctors cure; the homeopathic doctors cure; the Hahemannian cure; and so do the faith cures and the mind cures, and the so-called Christian scientists, and the four-dollars-and-a-half advertising itinerants, and the patent medicine men. They all hit, and they all miss, and the great difference in result—is that when the regular doctors lose a patient no one grumbles, and when the irregular doctors lose one the community stand on end and howl.—Rochester Union and Advertiser.

Nature cures, but nature can be aided, hindered, or defeated in the curative process. And the Commercial contention is that it is the part of rational beings to seek and trust the advice of men of good character who have studied the human system and learned, as far as modern science lights the way, how far they can aid nature and how they can best avoid obstructing her.—Buffalo Commercial.

It is not our purpose to consider the evils that result from employing the unscrupulous, the ignorant, charlatans and quacks to prescribe for the maladies that afflict the human family. We simply declare that the physician who knows something is better than the physician who knows nothing, or very little indeed about the structure and the condition of the human system. Of course "he does not know it all."—Rochester Morning Herald.

I have used Warner's Safe Cure and but for its timely use would have been, I verily believe, in my grave from what the doctors termed Bright's Disease.—D. F. Shriver, senior Editor Scioto Gazette, Chillicothe, Ohio, in a letter dated June 30, 1890.

Restored His Wife's Health.

My wife suffered for years from debility and a general breaking down of health, the result of diseases peculiar to women. A few bottles of Dr. F. Shriver's Safe Cure restored her to perfect health. It built her up, increased her appetite and weight, until she is now the picture of health. The speedy recovery of my wife from her long illness caused all my family, and several of my neighbors, to take Dr. F. Shriver's Safe Cure. As a tonic we are all delighted with it. FRANKFORT, NOVEMBER 8, 1890.

Sudden Death.

Prof. Joseph Otto Mauer, the popular and well known music teacher in this city, died suddenly at his home on Ann street Thursday afternoon, about one o'clock, with heart disease. He had been sick on Wednesday night, was still feeling badly and lying down when a pupil came into receive a music lesson. He arose from his bed and went in to an adjoining to give him instruction and a few minutes fell a corpse in the floor.

The deceased was about 40 years of age, was born in Bavaria and came to this country when 16 years of age. He located in New York and afterwards enlisted as musician in the 4th U. S. Infantry. He came to this city first in the spring of 1871, when two companies of the headquarters of his regiment were stationed here. When the regiment was ordered west he went with it, but after his term of service expired he returned and has since been a resident of this city. On the 8th of January, 1880, he married Miss Kate McClellan, of Hamilton, Ohio, who still survives him. During his residence in this city he made a host of friends, to whom his sudden and untimely death was a great shock.

The heart broken widow has the deepest sympathy of the entire community in her great affliction. The funeral will take place this afternoon at 2 o'clock, from Ascension Church.

Don't Forget to Register.

Polls will be opened in each ward of the city Monday morning, and will remain open on Tuesday and Wednesday, for the registration of the names of voters who expect to cast their votes at the city elections to be held in this city for Councilmen on the first Saturday in December, and for School Trustees, on the first Saturday in January. Each voter must go in person and register in the ward in which he resides. The following officers have been appointed by the County Judge to conduct the registration:

First Ward—R. H. Gayle and T. McClure, Physicians; Judges: John S. Harrod, Clerk.

Second Ward—Wm. S. Dehoney and A. B. Waggoner, Judges; O. T. Church, Clerk.

Third Ward—Jas. W. Heffner and J. J. Quinn, Judges; W. C. Williams, Clerk.

Scooped the Ribbons.

At the Owen Fair, Dr. C. C. Lewis, of Stamping Ground, took the premium on best mare colt, foal of 1889; on best harness mare, one-year-old and under two; on best harness gelding two years old and under three; on best harness stallion two years old and under three, and certificate on best brood mare with one or more foals at her side. It also won the yearling trotting race with Finites, by Lecward by Goward; dam by Merlingo, son of Dawson. There were five entries in the race and three heats were trotted on the mud. In Lecward Dr. Lewis was one of the best of Onward's gang, being only five years old and having performed to his credit.

Jack Morton Dead.

Jack Morton, a well known colored man who has been residing in this city for a number of years, died at his home in this city on Sunday. His funeral took place Monday afternoon and the remains were interred with the honors of the order of Friendship.

Charity Lodge and Douglas Camp, of both of which bodies he was a member, turned out in full force, headed by Billy's Brass Band. He was an honest straight forward man, and a quiet, good, tizen, highly respected by both white and colored.

Another Lot Sold.

Mr. Jos. Robinson has purchased from Col. L. P. Tarleton a lot fronting forty feet on Steele street and running back one hundred and fifty feet, for \$1,450, and will erect a neat frame residence upon it. The lot lies on the corner of an alley and is very desirable.

Local Option Defeated.

In a closely contested election at Stamping Ground, on Tuesday, local option was defeated by a majority of twenty-two. In order to start a saloon in that place, however, a man will have to pay a local license of five hundred dollars, in addition to State and county license.

Married in Cincinnati.

Mr. Harry I. Todd Crittenden, son of Col. R. H. Crittenden, and Miss Willie Bakewell, of Louisville, were quietly married at Cincinnati, last week. The groom has recently been in the employ of Messrs. Congleton Bros., in this city, but is now on the road as a traveling man. The marriage was quite a surprise to the friends of the young couple.

Will Enlarge Their Capacity.

Messrs. Mason & Ford Co. will remove their shoe factory to the Eddyville Penitentiary in the next thirty days and will greatly enlarge their chair factory, as the demand for chairs of their make is increasing so rapidly that they can not supply the trade with their present facilities. The machinery for the shoe factory will be shipped by boat from this city to Eddyville.

Agent of the Midland.

Mr. Howard Orblison, of this city, has been appointed agent of the Kentucky Midland Railway in this city, to succeed Mr. Geo. Bryant, who resigned on the first of the month to accept a position with the Cincinnati Southern Road. Howard is a young man, but if close application to business and polite attention to the patrons of the road are the requisites for a good agent, he will certainly make a first class one.

Trotting Meeting.

The Frankfort Trotting Association will hold a two days' meeting next week—Wednesday and Thursday, the 11th and 12th. The races will be for the following classes: 2:50, 2:40 and 3:00, and the purse \$25 in each race. The races will take place at time advertised, if there is a good day and track, otherwise they will be postponed from day to day until finished. Standard stakes and special races will be announced later. The entrance fee in each race will be ten percent of the purse, and entries will close on Monday next, November 10th.

Distressing Accident.

Little Pattie Keenon, daughter of Mr. U. Keenon, was sitting upon a table in the kitchen at the residence of her grandfather, Capt. B. C. Milam, one day last week, when some one rang the front door bell and she started to jump down to go to the door. In doing so she threw out her right hand and struck a window near her, broke out a pane of glass, which allowed her hand to go through, and as she slid down from the table the jagged edges of the glass caught her wrist and cut it horribly. Medical aid was immediately summoned and every effort was made to save the little one's hand. She is now doing as well as possible, and it is hoped her hand will be not useless, although the leaders were out in the wrist.

Remarkable Runaway.

A young man from the country was coming into town Sunday morning over the Louisville pike, in a spring wagon, with a lady and two little girls, and at the top of the hill a mile above the city, a backing strap broke, letting the vehicle run upon the horses heels, and causing it to runaway. They dashed down the hill, in Second street, across the bridge, up St. Clair to Broadway, and thence to the corner of Ann, where the horse fell on a crossing and was held down by a gentleman standing on the corner. The driver succeeded in guiding the horse all that distance and prevented his running into anything, and strange to say no one was hurt and the wagon not injured, only the swing tree was broken. The females in the wagon kept their seats, did not attempt to jump out in all that mad race, and thus escaped injury.

Meeting of Tobacco Growers.

A meeting of the tobacco growers of Franklin county was held at the Court-House Monday afternoon at two o'clock. Hon. Thos. W. Scott was elected chairman and Squire G. W. Hall appointed Secretary. The chairman stated the object of the meeting to be the appointment of delegates to represent Franklin county in the Convention of Tobacco Raisers, which meets in Lexington on Wednesday, November 12th. After considerable discussion Hon. Thos. W. Scott and Messrs. Wash. Crutcher and Alex. Julian were selected as the delegates, who pledged themselves to attend the Lexington meeting. After listening to short speeches from Dr. J. C. Wilson and others, the meeting adjourned.

Stricken With Paralysis.

Major Hiram Bassett, one of the brightest Freemasons in the world, was stricken with paralysis on Saturday morning at his home in Millersburg, Bourbon county, losing the use of his arms, limbs, mind and speech, in part, and has since grown gradually worse, his death being expected at any time. He is Past Grand Master and Grand Secretary of the Grand Lodge, of Kentucky, Past Grand High Priest of the Grand Chapter, Past Grand Commander of the Grand Commandery, and Past Grand Master of the Grand Council, York Rite, and also a 3rd degree Scottish Rite Mason. An upright honorable gentleman, who made friends of all he met.

LATER—He died at noon Thursday.

Large Lemons.

Two of the largest lemons ever seen in this section are on exhibition in the window of Messrs. Chapman & Williams' drug store. They were grown by Mrs. Joel Scott, of the Woodlake neighborhood, this county, and presented to Mr. Chas. G. Russell. They are fully developed, about five inches through and about 15 inches in circumference, and the two weigh 2 pounds and 7 ounces.

New Ticket Agent.

Mr. Frank L. Craft, former chief train dispatcher of the Kentucky Midland Railway, has been appointed ticket agent of the L. & N. Railroad, in this city, to succeed Mr. John S. Grant, and removed back to this city to reside. Mr. Craft is an exceedingly polite and accommodating gentleman, and we are glad to know that he is to remain with us permanently.

Mr. William M. Bedford, of the Forks of Elkhorn Precinct, has brought us in a sample half peck of his Irish potato crop. They run from five to seven and a half inches in length and from two to four and a half through. For a dry season, when the potato crop was almost a failure, this is doing first rate.

Thousands Poisoned.
In a recent work on Heart Disease, Dr. Franklin Miles—the noted specialist—gives many new and startling facts. Thousands of people are slowly poisoning themselves, weakening their hearts by the use of tea, coffee, tobacco and alcohol. These are the most common and insidious poisons, and they gradually wear it out, producing shortness of breath when exercising, pains in the side and shoulders, angina and faint spells. Finally heart failure and sudden death. For weakened and irritated hearts the press everywhere highly recommends the New Heart Cure discovered by Dr. Franklin Miles, which is for sale at J. W. Gayle's drug store.

Among the Colored Citizens.

Every member of the Industrial League is expected to be at the hall next Wednesday evening, as business of importance will be brought before the body.

Let no colored man fail to register today.

The daughter of Mr. Louis Harris is very sick at this writing.

Mr. C. Johnson, one of Frankfort's best known citizens, who has been quite ill for several months, is now slowly recovering. Mr. Johnson was recently admitted as a member of the Baptist Church.

Monday night at the Opera House was some confusion going on in the colored people's department, when one of the boys employed in the hall came running through the gallery, waving his pistol in his hand, and shouting "fire!"

As a very stupid proceeding, as some innocent spectator might have been shot. Things have come to such a pass that respectable colored people will have to stay away from the Opera House altogether.

Mrs. Jeff Cook and daughter, Miss Sadie, and Misses Blanche Seales and Katie Washburn returned from a pleasant visit to friends in Louisville last week.

The resolution passed by the last Baptist Conference, forbidding Baptist churches from causing considerable differences among the church members of this city. A Baptist young man can not persuade his girl to go to his church, nor will a Methodist young man go to the Baptist church with a Baptist girl.

Several of our people left the city Monday to attend the funeral of Prof. Simmons in Louisville. He was well known here, where he made the greatest speech of his life in the Senate Chamber some years ago in behalf of the Normal School, of which the Senate ordered three thousand copies printed. He was one of the leading men of his race in the South, and he was the first colored man ever worked for the welfare of his colored fellow-citizens in an educational way.

The writer was a warm friend and half brother of the gifted man.

Mr. Jack Morton died at his residence in South Frankfort Sunday morning. He was a leading member of the B. P. O. E. of the First Independent Baptist Church. He leaves a large family to mourn his loss. All loving hands could do during these was done by the loving

hands of his family and the lodge. The remains were interred with all the ceremonies of the U. B. F. Tuesday, the funeral procession being headed by Bailey's Band, of Georgetown.

Rev. R. H. C. Mitchell, who has for the past five years been pastor of the First Independent Baptist Church, preached his farewell sermon to a large congregation Sunday night. His address was very touching and at times the tears would steal down the faces of those who had learned to love him as their leader. When he came to the city five years ago his congregation held services in a little school-room. Now they have the finest built colored church in the city. The church building will long remain a monument to his energy and ability as a pastor.

Mr. Frank Dodson, formerly of this city, but now of Chicago, is in the city visiting his parents.

Quite a crowd of young men took in Georgetown Wednesday.

Missionary meeting at St. John's A. M. E. Church Sunday at 3 p. m. All are invited.

Mr. Turner, of Lexington, is in the city visiting his brother, R. B. Turner.

It is reported that a young man of this city will wed a young lady living in one of the surrounding towns shortly.

Children Cry for Pitcher's Castoria.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Gorton, S. D., we quote: "Was taken with bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took it in all eight bottles. It has cured me and thank God I am now a well and hearty woman." Trial bottles free at the South Side drug store, regular size, 50c and \$1.00. P. H. CARPENTER.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

SLEEP IN PEACE

BY USING

PRATTS KILLER

FOR BED BUGS.

This preparation is superior to all others to the following reasons: It kills the bugs instantly. It effectively destroys their eggs, therefore it is only necessary to use it once or twice during the season.

It possesses advantages over insect powders inasmuch as it can be used in places which they cannot reach.

It is odorless and agreeable, and it is warranted not to injure carpets, linen or furniture. No fatal effects can result from its use, as it contains no poison, which fact should give it a place in every household.

Sold in large bottles at 25 cents each. For sale by W. H. ANKELL at wholesale and retail.

A GRAND SUCCESS!

Our opening was pronounced by all a "grand success;" our new home was the admiration of our people and the many strangers that came to see us, and we want thank them all for their many good words and kindly congratulations. We promise this shall be the

PEOPLE'S STORE!

THE PEOPLE'S MART

For CLOTHING, For SHOES, For HATS,
For Furnishing Goods, and for Fine Merchant Tailoring.

We have spared no pains nor expense in the construction and the appointments of this METROPOLITAN STORE. The comforts of buyer and seller are combined, and it will be a pleasure for you to come here. We have given our people what we think we owe to them—nothing is too good for them. Beginning in 1873, with a small room and a comparatively small stock, we have extended our business each year, and, with our syndicate of stores at Louisville, Lexington and Frankfort, our purchasing power is second to none in the Southwest. This means no more nor less than that our merchandise is owned for less than the smaller dealers pay and is sold at less than theirs.

"POPULAR PRICES"

SHALL BE OUR MOTTO IN FUTURE.

The STRICTLY ONE PRICE system that will always prevail in our stores in future should make it THE MART for all.

Your child can come here and buy as cheaply as you can. You can buy as cheap as your neighbor, and you never have cause for complaint that any one bought an article at a lower price than you.
